

Smart+Guard 2 is a tough polycarbonate hinged protective cover that can easily be installed over a range of call points, emergency switches and other devices to provide protection from vandalism, accidental damage or misuse.

Available with an integral battery powered alarm, that when lifted emits an ear piercing 90 dB alarm, warning the user that the device is for emergency use only and should not be tampered with.

The Smart+Guard 2 is larger than the standard sized Smart+Guard and is designed to be installed over German and US style call points and pull stations.

Smart+Guard 2 offers the same features and installation options as Smart+Guard.

Part Numbers

SG2-F-X	Smart+Guard 2 - Flush mount no Sounder
SG2-S-X	Smart+Guard 2 - Surface mounted no Sounder
SG2-FS-X	Smart+Guard 2 - Flush mounted with Sounder
